

STEWART PEARCE, ANGELIC EMISSARY REVEALS

THE TWELVE

# ANGELIC DESTINY CODES

# 1. KETER ETZ CHAYIM

---

*This code was given by SANDALPHON the great Angelic Guardian of planet Earth, and the physicality of your being. It is designed to vibrate on a pure level of your biology.....this will stir your DNA into accelerated growth through the great TREE OF LIF that exists within the spirals of your DNA.!*

# 2. TORAH ESAIR SPHIROT

---

*This code was given by GABRIEL the great Angel Messenger, who brought the Koran to Mohammed, and the birth tidings of the Christ to Mary his Mother. This code reveals your divine blueprint to you by bringing to you your life lessons.*

# 3. NETZACH MERKAVA ELIYAHU

---

*This code was given by RAPHAEL the great Angel Healer and is designed to help you open your BEING by activating your body's light vehicle for Ascension. In speaking this code you will pulse your heart in its beat, so sending waves of light through your field or aura.*

# 4. URIM VETUMIM

---

*This code was given by JOPHIEL the great Angel Liberator, as a sonic transmission that aligns our 3D mind with our Quantum mind, and so the physical meets the divine form of our spirit.*

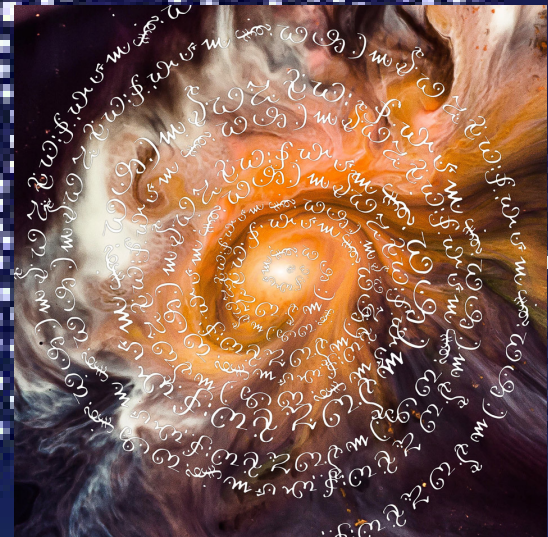

# 5. ALEPH ETZ ADONAI

---

*The great Angelic Guide SHAMAEL gave this code to help us move forward through an inter-dimensional portal, so that our crystal energy may open our cells to this ancient code. Our cells remember that they once vibrated through a 12 Helix DNA, which we lived during the golden age of ATLANTIS, during a period of time between 250,000 and 13,000 years BC.*

*However, this current great time of awakening brings forth teaching from the Angels that we homo sapiens are moving into a triple helix DNA whilst still living on Planet Earth. This code helps us trigger this potentiality, and so fifth dimensionality becomes a probability.*

# 6. EHYEH ASHER EHYEH

---

*HANAEL the great Warrior Angel proclaimed this to me as a prayer for the higher self. This vibrates the great I AM THAT I AM and is an ancient encoding for awakening the I AM PRESENCE.....your spiritual sovereignty.*

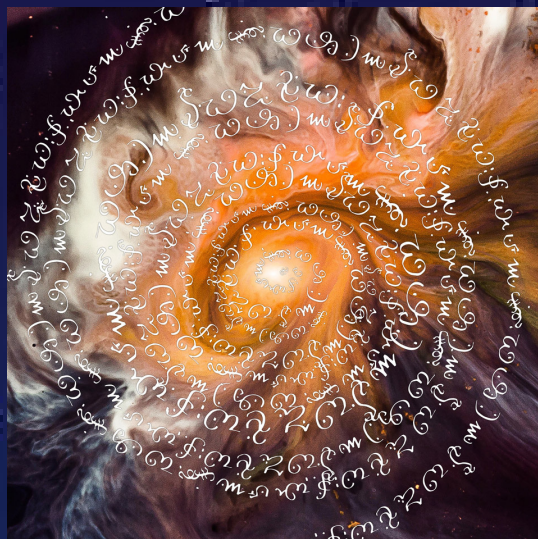

*The Master Guide St Germain gave us all the knowledge of the I AM PRESENCE in 1987 on Mt Shasta (our planet's root chakra).*

# 7. KDUMAH ELOHIM

---

*The great Archangel URIEL, the Angel of companionship gave this as code for our CELESTIAL CONDUCT, meaning that in saying this code, you will feel your divinity fully revealed in the world.*

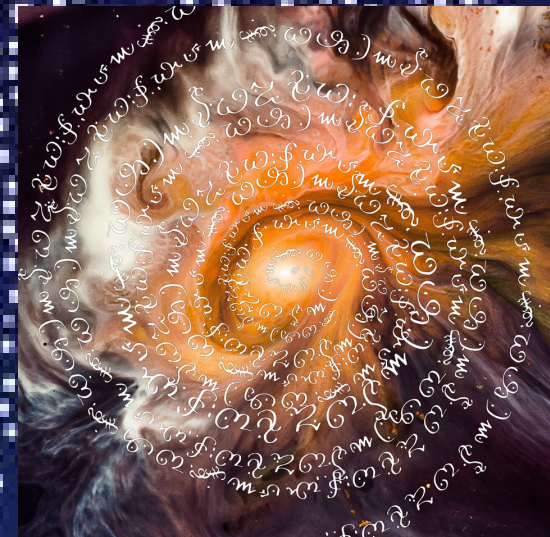

# 8. ROCHEV BAARAVOT

---

*RAZIEL the Angel of the Mysteries, who stands on the left side of the God, gave this code to help us reveal the wisdom of the Ascended Master's wisdom, drawn from the Akashic record.*

*The Akasha is a library of thought that is a vibrational store, created through light and sound, and which holds every thought created on our planet from time immemorial. Access to this record allows us to see our Soul Contract and Karmic patterns, in order to become the beings of light that will potentially grown us into EARTH ANGELS. This code will help to release all negative karma.*

# 9. SHECHINAH ESH

---

MICHAEL the great Archangel Leader gave this code, with the guidance of St Germain. It is the code of the VIOLET FLAME, by which we may transmute all karma from our Soul Contract. THE RITUAL OF THE VIOLET FLAME is a beautiful visualization process that purifies all our cells.

# 10. VAYIKRA

---

METATRON the great Archangel Teacher gave this code as a powerful call for aligning with our Divinity. This code truly opens a portal whereby our DIVINE STATUS is revealed. In many of the ancient sacred contexts VAYIKRA was used - for example Moses' used this sonic code to conduct miracles, which led the people of Israel from captivity, like parting the Red Sea!

# 11. CHOCHMAH MICHA HALELU

---

ZADKIEL the great Comforter gave this code, which holds within it the sonic talisman of the wisdom of compassion. Therefore, using this code brings us to the waves of wisdom that open the field of compassion in our lives.

# 12. EL SHADAI

---

ZAPHKIEL the supernal Lover gave this code  
for a call that moves us directly into  
connection with the SUPREME BEING.  
El Shadai is the name of God

# HOW TO WORK WITH THE TWELVE ANGELIC DESTINY CODES

---

*Please revere these codes in your sacred space or meditation room, and I suggest using one, one day at a time. This will allow you to observe the way they affect your vibrations.*

*Enjoy singing them, whispering them, humming them, or speaking them – try sculpting the seed syllables openly, developing sound-scapes of beautiful resonance. Some of you may even wish to harmonically chant and over-tone the codes!*

*See them as practical loving friends who will illuminate the conviction of your love, opening your heart as the seat of your soul, and then opening your Eighth Chakra of Universal love.*

*In due course, the codes will help you to optimize your creative potential on planet Earth, connecting you with sustainable love and joy.*
