## ATLANTEAN PORTAL HAS OPENED

DISCOVER THE MIRACULOUS  
ENERGIES OF LOVE REVEALED

MARCH 6, 2019

**This is a time of spiritual revolution.** This is a time when great inspiration moves through our hearts, minds and spirits. This is a time for love to supersede any personal darkness or challenge. This is a time when we need to heal the division between head or heart, thought or feeling, sectarian schism, or between sacred and secular. This is a time whereby we recognize that nothing unreal can exist when we are surrounded by love, as love is the only reality!

On **March 6th, 2019** a sudden force of nature was unlocked, to support this revolution, a force that was encoded millennia ago into a deep well of land in the area known as Ground Zero, and at the southerly tip of the island of Manhattan. This energy encoding was placed into the crystal that lies deep beneath ground level, deep within the mica rock that forms the foundation stone of Manhattan. It was positioned during the completion of the great civilization of Atlantis, something like 13,000 years ago, and now this deep well opens creating a portal - a doorway through which the startling knowledge of how **we earth beings** are quickened to live as one consciousness, and through the force of love.

# MIRACLE MASTERY

This portal reveals that the knowledge and experience of truly seeing that on the mortal plane we may not be perfect beings all of the time, but that **on the spiritual plane we are indeed perfect all of the time**. Who we truly are – perfect creations of the Divine Mind, and unlimited in our potential – is the most positive expression of our consciousness, and so we see ourselves identified as enlightened, when, as spirit made flesh we manifest magic, creating miracles shaped from physical form.

This knowledge allows us to identify more with spiritual laws than with the material reality, and from this perspective we see that **we are pure light**. No thought or dark situation – meaning no lovelessness in your mind or anyone else's can have sway over you - for you are destined to evolve the greatest vision of you, subjected to create who you truly are, and what the universe has planned for you. Your mistakes, your challenges, and other people's opinions about you do not limit you, or anything that you wish to create.

This time is a doorway to a new awareness that **the only answer to all our problems, is that love will triumph** over hate, guilt, shame, denial, fear, disease poverty, wickedness etc, and that the only answer to evil is goodness. This doorway to peace is a doorway to a new possibility that the path of sorrow may become a path of joy.

March 6th gave us all a tremendous opportunity, reinforced by unique astrology with a new moon in Pisces, which enabled us to step forward into a new way of being. And so an emotional detox took place, healing our body from negative pollutants. Please can you continue the work by:

When we transmute negative states, **miracles** become part of our soul's truth, emerging from intelligence beyond our own. This spiritual intelligence **brings inner light** to what can often be a darkened world, for spiritual comprehension or miracle mastery is a realignment of the false programming you might have received from childhood, or indeed from prior incarnation.

**Miracle Mastery** literally involves giving up old stories or ways of being, whilst the Universe writes you a new story. Living thus means you will transcend all challenges by seeing that you are a child of God, carrying the eternal perfection of innocence within you. Being a child of God means you are a recipient of endless power and infinite possibilities, allowing you to feel within a seam of golden creativity, that will help you create your wildest dreams.

**Miracle Mastery** means you have the ability to place your consciousness exactly where you need to, knowing who you are, and what lives within you. For the cosmos is within, God's power is within, love is within and therefore you will always feel supported. When we live out like this, miracles become natural, and love is continuously received, enabling to become pure expressions of love.
