

Easy Button Healing – For action takers that want amazing results, fast and easy!

This modality has you covered. It features three simple phrases programmed with high source energy to clear out, bring in, and lock in place whatever you desire. It reverberates across all time, space, dimensions, and realities of every nook and cranny of every molecule in existence. It scans all energy bodies, all DNA strands, all lifetimes, all cords and connections, and anything else imaginable (or unimaginable). It calls on your Higher Self and Future Self for additional guidance on how to get fast results. You do not need to understand how it works for it to work. It just does – and it leaves nothing unturned!

Once you have received an Easy Button Healing, you are automatically attuned to the energy, so you have a quick and easy tool to use for yourself as needed. It is not necessary to repeat the phrase over and over again as saying it one time will activate it and allow the energy to run as long as it needs to.

The Clearing Tool: “Let’s Clear That!”

When I say “Let’s Clear That!” the programmed healing and clearing energy activates for the issue being addressed.

Examples:

“Everything in the way of me having _____, Let’s Clear That!”

“What is at the root of my _____ issue? Everything that is, Let’s Clear That!”

The Creation Tool: “Let’s Have That!”

When I say, “Let’s Have That!” the programmed manifestation pulling energy activates for the issue being addressed.

Examples:

“More abundance in the form of _____, Let’s Have That!”

“My perfect _____ shows up for me now, Let’s Have That!”

The Updating Tool: “Reality Reset! Thank You!”

When I say, “Reality Reset!” or “Reality Reset! Thank You!” all the previous energy work is sealed into your field. It resets your reality and gets everyone and everything connected to you updated to your new vibration. This minimizes everyone, including loved ones, from feeling rattled by your quantum shifts and feeling the need to test your boundaries every time you shift from energy work.
